SHRUTI SHARMA

New York, NY | (305)-218-5620 | ss6581@columbia.edu | linkedin.com/in/shrutisharma1998/

SUMMARY

Senior strategy and transformation consultant with 5+ years leading AI-driven, data-led transformation across fintech, payments, retail, and media. Works closely with senior and C-suite leaders to shape strategy, align teams across functions, and take initiatives from early proof of concept to enterprise-wide rollout.

EXPERIENCE

Publicis Sapient — New York, New York

Senior Consultant — March 2025 - Present

- Led an AI-driven automation initiative for digital asset creation, unlocking $700K+ in annual value and cutting content production cycle time from 9 months to 2 weeks; positioned the solution for enterprise-wide adoption.
- Designed and built 2 AI proof-of-concepts to drive payment volume growth and early lifecycle activation for a $650B payments client, surfacing 6+ high-value lifecycle triggers and compressing the targeting cycle from 2 weeks to ~1 day.
- Drove pre-MVP launch testing and go-to-market strategy for a new AdTech platform, contributing to a $50M projected Year 1 revenue uplift and redefining broadcast measurement with ID-level targeting

Alvarez and Marsal — New York, New York

Associate Consultant — Feb 2024 – Dec 2024

- Architected a vendor optimization strategy for a $2B retail client, identifying a $50M revenue uplift opportunity through pricing, sourcing, and partner rationalization.
- Designed and executed a vendor engagement program across 200+ accounts, driving $10M in incremental contributions within 4 weeks through targeted outreach and negotiation support.
- Re-evaluated freight cost structures with the supply chain team, unlocking $1M in annual value and improving margin performance across 20+ countries and 15 product families

Charles Schwab — San Francisco, California

Business Strategy - Intern — Jun 2023 - Aug 2023

- Defined an enterprise GenAI adoption strategy by prioritizing 100+ use cases and assessing three architectures, leading 18 leadership workshops to align cross-functional executive stakeholders on scalable execution.
- Drove research on 10 competitors' GenAI adoption and ~15 predominant adoption risks; translated insights into 2 competitive advantages and 20 mitigation plans in partnership with the tech team

Boston Consulting Group — New Delhi, India

Junior Analyst — May 2021 - Jul 2022

- Identified 10% revenue uplift opportunity (€4 B), for the 5th largest Greek Bank, by analyzing proprietary datasets over ~100 KPIs and benchmarking against 3 European players, leveraging Power BI & VBA coding; converting proposal to active engagement
- Recommended ~15 segment-level performance insight, for a $300B Latin Bank's restructuring project, informing market entry strategy in Latin American region, driven by analysis over ~200 financial performance metrics
- Developed a proprietary financial analysis tool, reducing execution time by 40% and enabling analysis of financial institutions across 10 verticals and ~500 KPIs, using Advanced Excel and Alteryx

Freshworks — Chennai, India

Product Consultant — Feb 2020 - Apr 2021

- Owned onboarding, solution demos, and go-to-market execution for 30+ mid-market clients, driving 70% conversion and $1M+ in ARR by aligning SaaS solutions to client needs and accelerating adoption.
- Conducted market and competitive analysis across 5+ regions, refining go-to-market strategy and positioning to improve win rates and strengthen international pipeline
